(b) The District shall not withdraw property from the District Area without the adoption of a resolution by the City approving the withdrawal. Such area may only be withdrawn upon the District obtaining consent of all property owners or lessors, as applicable, within the area proposed to be withdrawn and the passage of a resolution of the City and the Board approving such annexation.

(c) Any annexation or withdrawal shall be in accordance with the requirements of the PID Act.

(e) Annexation or withdrawal of any area in accordance with V.A.6(a) and (b) shall not constitute an amendment of this Governing Document.

7. Overlap Limitation. B. Preliminary Estimate of Improvements.

The District shall have authority to provide funding for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance, and financing of the Improvements within and without the boundaries of the District. An estimate of the costs of the Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained, or financed was prepared based upon the currently anticipated Improvements and Pledged Revenues. However, this estimate is not a limitation on the Improvements ultimately financed by Pledged Revenues over time in accordance with the Act and the Participation Agreement.

All of the Improvements will be designed in such a way as to assure that the Improvements standards will be compatible with those of the City and/or any other applicable public entity. All construction cost estimates are and will be based on the assumption that construction conforms to applicable local, State or Federal requirements.

I. District's Operating Costs.

As permitted under the Act, the cost of acquiring land, engineering services, legal services, and administrative services, together with the estimated costs of the District's organization and initial operations, will be eligible for reimbursement from Debt proceeds.
