

Green Loop

Project Development Guidelines and Next Steps

Request

The Administration is requesting the release of FY24/25 CIP funds (\$3.14M) to advance the Green Loop in Central City, which is the area in the city with the greatest green space needs and highest frequency of visits.

Deliverables

- Prepare Project Development and Public Space Management Guidelines
- Design and Construction Documents for Civic Campus (200 E from 350 S to 450 S)
- Design for 500 West

Proposed Next Steps

- Concentrate efforts on best-in-class Civic Campus that complements prior funding for Library Square visioning and Washington Square safety improvements
- Future proof 500 W with 30% designs that alert private development community of preferred curb and utility alignments
- Further refine all-of-the-above financing strategy (i.e., CIP/impact fees, federal/state/county grants, capital campaign/philanthropy, bonds, special assessments, etc.)

Questions?

THANK YOU!
