[benjamin.buckley@slcgov.com](mailto:benjamin.buckley@slcgov.com) or 801-535-7142

**DOCUMENT TYPE:** Ordinance

**RECOMMENDATION:** That the City Council adopt the changes to the zoning ordinance related to Part VI of Title 21A and all associated amendments, as recommended by the Planning Commission.

**BUDGET IMPACT:** None

**BACKGROUND/DISCUSSION:** Mayor Erin Mendenhall initiated a petition that would amend Part VI of Title 21A of the zoning ordinance. Part VI includes the terms and definitions that are used throughout Title 21A. The amendment includes the elimination of Chapter 21A.60, List of Terms, and the removal and the updating of some of the definitions found in 21A.62.040. Other amendments have been made throughout Title 21A for clarity and consistency.

Chapter 21A.60 no longer serves the intended purpose of helping readers determine what words are defined in the zoning ordinance. At nearly 760 terms, the chapter has become impractical and burdensome for city planners and the public. The changes in 21A.62.040 include eliminating repetition, clarification of definitions, and the removal of unused or obsolete definitions. This will benefit both the general public and city staff.

No zoning standards or land use regulations are impacted by this text amendment. For additional information regarding the proposal, please refer to the [Planning Commission Staff Report](#).

**PUBLIC PROCESS:**

**Community Council Notice:** A notice of application was sent to all city recognized community organizations on April 4, 2023, per City Code Chapter 2.60 with a link to the online open house webpage. The recognized organizations were given 45 days to respond with any concerns or to request staff to meet with them and discuss the proposed zoning amendment. Staff attended the Sugar House Community Council's meeting on April 17, 2023. The 45-day public engagement period ended on May 19, 2023. No formal comments were received from any community organizations.

**Public Open House:** An online open house was held from April 4<sup>th</sup>, 2023, to May 19<sup>th</sup>, 2023. Staff did not receive any comments in support of or against the proposed text amendment.

**Planning Commission Meeting:** The Planning Commission held a public hearing on August 23<sup>rd</sup>, 2023. The Planning Commission provided a positive recommendation to City Council on the proposed amendment.

A transition may be achieved by relating a building's form to those that surround it through the following way. An angular plane of 45°, measured from the relevant property lines, should be used to provide a frame of reference for transition in scale from proposed high-rise buildings down to lower scale areas. The transition is required when development is abutting a zone with a height maximum of 35' or less or abutting a local historic landmark site. These standards do not apply when a right of way separates the buildings.

# Illustration of Regulation 21A.37.050.Q Height Transitions

- 1 An angular plane of 45°, measured from the relevant property lines, should be used to provide a frame of reference for transition in scale from proposed high-rise buildings down to lower scale areas. The transition is required when development is abutting a zone with a height maximum of 35’ or less or adjacent to a local historic landmark site.

# MEMORANDUM

PLANNING DIVISION  
DEPARTMENT *of* COMMUNITY *and* NEIGHBORHOODS

To: Mayor Erin Mendenhall

Cc: Lisa Shaffer, Chief Administrative Officer; Blake Thomas, Department of Community and Neighborhoods Director; Michaela Oktay, Deputy Planning Director

From: Nick Norris, Planning Director

Date: March 14, 2023

Re: Amendment to related to zoning terms and definitions in Part VI of the Zoning Ordinance

---

The Planning Division is requesting that you initiate a zoning text amendment to Part VI General Terms of the City Code. The amendment is to eliminate Chapter 21A.60 List of Terms and remove and update definitions in Chapter 21A.62 Definitions.

Chapter 21A.60 is merely a list of the defined terms in the ordinance. The chapter was originally created to help readers determine which terms are defined. However, the list has grown to 758 terms, making it impractical to use and burdensome for staff to manage each time a text amendment is proposed. The Planning Division, in consultation with the Attorney's Office, believes the chapter provides no benefit to the city or the public and slows down text amendment processes. Thus, we proposed to eliminate it from city code.

The changes to Chapter 21A.62 will include:

- removing terms and definitions no longer used in the code but weren't deleted in prior text amendments;
- correcting or clarifying definitions;
- consolidating terms that have the same definition; and,
- updating outdated language or definitions.

These changes may include modifications to other sections of Title 21A. Zoning ordinance for consistency.

A public process will be conducted to gauge public input on the proposed changes and the proposal will follow the required steps of any other text amendment, including notification to recognized community organizations, a public hearing with the Planning Commission and a decision from City Council.

This memo includes a signature block to initiate the petition if that is the decided course of action. If the decided course of action is to not initiate the application, the signature block can remain blank. Please notify the Planning Division when the memo is signed or if the decision is made to not initiate the petition.

Please contact me at ext. 6173 or [nick.norris@slcgov.com](mailto:nick.norris@slcgov.com) if you have any questions. Thank you.

***Concurrence to initiate the zoning text amendment petition as noted above.***
