Capital Asset Planning: 1 FTE

Item	Cost	Type
(1) FTE	\$143,258	Ongoing, Impact Fees
Total	\$143,258	

Justification

The CAP Team is requesting a dedicated FTE to manage and report on Impact Fees. A formal request for funding will be made in a future Budget Amendment. This position is necessary to comply with the new level of service required by the State Auditor for the annual Impact Fee Report.

Financing for Maintenance of Capital Assets & Newly Acquired Assets

One of the top priorities for the Administration is maintaining our existing properties. Therefore, the new Capital Asset Planning Committee over the next several months will be reviewing all unfunded maintenance for the entire General Fund.

- a. They will assess and evaluate those needs based on the Capital Asset Planning matrix.
- b. Once the maintenance needs are scored and assessed, the committee will come back to the Administration and then the Council with funding options for these maintenance needs.
