GRANT DETAILS:

Funding to support a year of a comprehensive and data-driven mental health and wellness platform to enhance the mental well-being of its first responders. A platform of this type will provide essential wellness tools for early detection and intervention, including web-accessible peer support and a wellness resource toolkit accessible through iOS and Android-driven applications offering clinically validated wellness sessions and learning modules specifically tailored for first responders, their families, and retirees. This resource will provide first responders with the tools to build resilience and maintain mental wellness. Additionally, this is for two Mental Health trainings for SLC 911 (Help is on the way for Dispatch Training and an Emotion Intelligence training for SLC 911 managers.).
