SUBJECT: Petition PLNPCM2023-00996 - Projecting Business Signs Zoning Text Amendment

STAFF CONTACT: Grant Amann, Principal Planner, grant.amann@slcgov.com, 801-535-6171

DOCUMENT TYPE: Ordinance

RECOMMENDATION: Adopt the ordinance as recommended by the Planning Commission

BUDGET IMPACT: None

BACKGROUND/DISCUSSION: The Salt Lake City Planning Division is proposing a zoning text amendment to primarily update the standards for projecting business signs in commercial and mixed-use districts.

The proposed amendment adds language to permit projecting business signs (sometimes referred to as “blade signs”) in all commercial and mixed-use districts. This text amendment will create consistent sign allowance for projecting business storefront signs in all commercial and mixed-use districts. Minor grammatical corrections to Chapter 21A.46 Signs are also included in the amendment.

These modifications are in line with the update in the State requirements and seek to support businesses by removing barriers in the sign code for adding signs that are more visible to all passers-by whether they are on the sidewalk, bike lanes, or in a vehicle.

The City Council may want to consider if it is also appropriate for more intense commercial zones to allow larger projecting signs. For example, the projecting sign size is 6 square feet per face in both CN

and CG zone, but the CG zone allows buildings that can be up to 100' taller than the CN zone. This often results in taller ground floors, which can accommodate larger projecting signs.

Example of a projecting business sign and required dimensions.

SUMMARY OF PROPOSED CHANGES:

The proposed ordinance language is provided in Exhibit 1. The following changes are being proposed.

1. Amendments to 21A.46 - Signs

- Reduce ground clearance from 10' to 8', which is in line with similar requirements for projecting business signs nationwide.
- Additional instance of language requiring public property lease and insurance for signs projecting into the public right of way.
- Addition of “Projecting Business Storefront Sign” in the Table of Permitted Signs for the following districts: RB, RO, CN, CB, CS, CG, FB, M-1 and M-2, D-2, and D-3.
- Re-ordering list items to ensure alphabetical order for each permitted sign type in each Table of Permitted Signs.
- Re-written language clarifying that signs will be measured to the back of curb.

PUBLIC PROCESS:

- Notice of the project and request for comments was sent to all Recognized Community Councils on December 21, 2023.
 - No letters or emails were received in opposition to the proposal.
- The Planning Commission public hearing was held on February 14th, 2024.
The Planning Commission voted unanimously to forward a positive recommendation to the City Council for the proposal as requested by the applicant.

4. PETITION INITIATION REQUEST

MEMORANDUM

PLANNING DIVISION
DEPARTMENT of COMMUNITY and NEIGHBORHOODS

To: Mayor Erin Mendenhall

Cc: Rachel Otto, Chief of Staff; Blake Thomas, Department of Community and Neighborhoods Director;
Michaela Oktay, Deputy Planning Director

From: Nick Norris, Planning Director

Date: October 31, 2023

Re: Amendments to the sign code to allow projecting signs (also called blade signs) in all commercial and mixed-use districts.

The Planning Division requests that you initiate a zoning text amendment to Chapter 21A.236 Signs to allow projecting signs in all commercial and mixed-use zoning districts. Projecting signs are currently allowed in random commercial and mixed-use zoning districts, but not in all. For example, this sign type is allowed in the SNB Small Neighborhood Business District, but not in the CN Neighborhood Commercial or CB Community Business districts.

The Planning Division has received several recent inquiries for projecting signs in the CB and CG zoning districts. However, the sign type is not allowed in either district. Rather than have individual property owners or business owners submit a zoning text amendment application, the division recommends that this be addressed through a city-initiated text amendment to address the issue in all commercial and mixed-used zoning districts.

A public process will be conducted to gauge public input on the proposed changes and the proposal will follow the same required steps of any other text amendment, including notification to recognized community organizations, a public hearing with the Planning Commission, and a decision from City Council.

This memo includes a signature block to initiate the petition if that is the decided course of action. If the decided course of action is not to initiate the application, the signature block can remain blank. Please notify the Planning Division when the memo is signed or if the decision is made not to initiate the petition.

Please contact me at ext. 6173 or nick.norris@slcgov.com if you have any questions. Thank you.

Concurrence to initiate the zoning text amendment petition as noted above.
