Job Profile Name	Clean-up Equipment Operator I
Job Code	3028
Include Job Code in Name	No
Job Profile Summary	<p>Under the direction of the Field Supervisor, operates a variety of light to heavy vehicles and equipment used in the cleanup of City neighborhoods, streets, islands, alleys and sweeping/washing City streets. This position is required to operate equipment in other areas, as well as assist on an as-needed basis in garbage collection operations.</p> <p>Incumbents in this position may work non-traditional hours, varying work schedules and are expected to be on call for specified times during the snow removal season.</p>

### Job Description

#### TYPICAL DUTIES:

- Operates a full range of light to heavy construction equipment and tools required for various cleanup applications. (low complexity: 3/4-ton pickup trucks, chain saws, hedgers, chemical sprayers, power sprayers, weed eaters, blowers, shovels, rakes, tractor mowers.) (Medium complexity: transport, leaf trucks, bobcat, Unimog, sander plows.) Rotates from one piece of equipment to the other based on operational needs. Tests tools and test drives all potential equipment purchases and makes recommendations to field supervisor.
- As cleanup operator participates in cleanup programs, or acting as laborer/flagger, picking up and hauling away various refuse. Is responsible for transporting signs and barricade equipment to and from job sites.
- Daily refuse.
- Performs snow removal duties in assigned district in accordance with the City's snow removal programs.
- Evaluates and documents the operating condition of and performs routine maintenance on assigned equipment prior to its use. "Trouble shoots" and makes minor repairs in the yard or on the job site and refers major repairs to fleet management. Completes routine forms, i.e., equipment logbooks, equipment check sheets, weigh tickets, repair tickets, storm records, load reports, and land fill trip response documents.
- Participates in the cleanup of special projects such as parades, and other events.

#### MINIMUM QUALIFICATIONS:

- Six months operating equipment associated with broom operations and/or cleanup operations. Type of equipment to be specified in announcement.
- Knowledge of preventative maintenance required for the equipment which will be operated and the ability to detect the need for, as well as make minor repairs and tool and equipment adjustments.

- Possession of a valid Class D Driver's License.
- Visual demands required to read street signs and markings, instructions, and safety rules.
- Ability to write and perform basic arithmetic calculations to compute mileage, tonnage, time, etc.
- Ability to work and relate well with co-workers, supervisors and the general public in varying circumstances.

#### WORKING CONDITIONS:

- Moderate to heavy physical activity. Required to push, pull, or lift heavy equipment and material. Uncomfortable working positions, must sit, stand, or walk for extended periods of time.
- Constant exposure to disagreeable elements such as extreme heat and cold, dampness, fumes, noise, dust, airborne particles, and grease. Exposure to vehicular traffic while working on the public roadway. Exposure to potentially hazardous material which may pose health, environmental and/or occupational hazards if improperly handled. Potential exposure to toxic or waste materials, human waste, drug paraphernalia, infectious rodents, and insects.
- Frequent exposure to stressful situations as a result of human behavior and demands of the job.
- Unconventional working hours and subject to 24-hour call as specified in the city's snow removal program or for emergency operation.

#### CAREER LADDER:

- After fully satisfying the job requirements, may advance to the Clean-up Equipment Operator II. Promotions are conditional upon availability of funding and require divisional recommendation, Department Head approval, and the concurrence of the Human Resources Department.

The above statements are intended to describe the general nature and level of work being performed by persons assigned to this job. They are not intended to be an exhaustive list of all duties, responsibilities and skills required of personnel so classified. All requirements are subject to possible modification to reasonably accommodate individuals with disabilities.
