The Administration has responded to the following questions from Council staff.

2. **Utah Department of Transportation improvements to State Street - mid-block HAWK Signal at 640 South and State Street**

Questions:

- a. **Does the Cooperative Agreement entered Jan. 23,2024 (listed in the memo) indicate any other improvements to State Street?**
The Signal Work is just one piece of a larger project. The project is being constructed on State Street from 600-800 South and includes the following elements:
Midblock bus bulbouts
A new signalized crosswalk between 600-700 South (this is the signal that UDOT is paying for)
Other safety improvements for people walking and taking transit.
- b. What is the name of the Grant Program? This was not a grant the City applied for and received. In this case, UDOT is offering to give the City money to complete the signal work for the project.
