  - ☐ Existing      ☐ New      ☐ Overtime      ☐ Requires Funding After Grant

Explanation: \_\_\_\_\_

☒ Match Required      \$286,425      ☐ In-Kind Services      and      ☒ Cash

**GRANT DETAILS:**

- Transportation Division requested \$3,944,375 for the East Downtown 200 South Mobility Hub.
- The project proposes to design and construct an east downtown mobility hub for bus rapid transit and core routes that serve Frontrunner, the Salt Lake valley, and University of Utah.
- The aim is for the mobility hub to provide operator/end of line facilities, electric bus charging, and passenger amenities at a key transfer point in downtown Salt Lake City.
- Possible locations under consideration are the 200 South right-of-way and the city-owned Northwest Pipeline Building on 200 South 300 East.
- The \$286,425 match source is anticipated as a future request to Funding Our Future Transit.
- The Congestion Mitigation Air Quality funds are anticipated to be available in fiscal year 2028 in the event of a grant award.
