SUBJECT: Community Recovery Grant Committee proposed ordinance

STAFF CONTACTS: Rachel Otto

Mary Beth Thompson

DOCUMENT TYPE: Proposed ordinance

RECOMMENDATION: Adopt the proposed ordinance

BUDGET IMPACT: None

BACKGROUND/DISCUSSION:

Mayor Mendenhall’s proposal for the allocation of American Rescue Plan funds has focused on four elements: (1) Taking care of the City’s financial health; (2) Homelessness and Public Safety; (3) Creating Community Resilience; and (4) Community Grants. This transmittal addresses the Community Grant program.

By way of background, the goal of the Community Grant program as proposed is to provide Rescue Plan funding directly to community members, community organizations, and/or small businesses who have suffered economic or operational hardship due to COVID-19. The Administration has proposed that this grant pool include \$4 million split into two categories, with half of the allocation going to Economic Development and half to Community and Neighborhoods to administer. The CAN grants would focus on support to nonprofits for activities such as: retraining displaced workers, legal services to prevent evictions, expanded educational opportunities for low-income residents, resources to mitigate the digital divide, and access to physical and mental healthcare for vulnerable and/or underserved populations. The DED grants would focus on business assistance, including grants for businesses not included in other government programs during the pandemic, especially small and local businesses, and support for artist/artisan businesses.

After consultation with City Council staff, the Administration proposes the formation of the Community Recovery Committee (“CRC”). The CRC will be a new City board, codified in City Code, and will be subject to the Open and Public Meetings Act and all transparency requirements for City boards and commissions. However, the Administration thinks it is valuable to leverage the existing expertise of City board members for the CRC. For that reason, the Administration is proposing an exception to the City Code requirement that individuals may only serve on one City board. The Administration proposes that the CRC would comprise members from already-existing City boards and commissions including the Human Rights Commission, the Business Advisory Board, the Commission on Racial Equity in Policing, and the Economic Development Loan Fund Committee. The members of the CRC would be appointed by the Mayor with the consent of the City Council.

Under the proposed ordinance, the Administration will develop the grant program and solicit applications pursuant to the goals and objectives identified above. Administrative staff in the Mayor’s Office will staff the CRC.

The CRC would then evaluate and make recommendations regarding the grant applications to the Mayor, who would forward recommendations to the City Council to determine grant awardees.
