11/17/2020 15:47	Laurel Clayson	laurel.clayson@gmail.com	Public Comment: Ordinance: Fleet Block Zoning Amendments	Council Members, I am a constituent here in Salt Lake City and a member of the community. I live between Liberty Park and the Fleet Block. I strongly oppose the rezoning of this block. As you know, the Fleet Block is home to a collection of murals which honor those killed by police violence. The murals have served as a gathering space for the community since the first one was painted. In this space, people pray, protest, mourn, collect donations, and meet with each other. The community has planted flowers in this space and beautified the entire block. Because of all of this, I believe this block is more beneficial and important to the community as-is, than it would be as a "redeveloped" block of offices or apartments. This space does not need redeveloping as it is safe, pleasant, and community-oriented as-is. Thank you for your time. I hope you will put the needs of the current community over the money of developers. Laurel Clayson
10/6/2020 13:19	Cameron Cockburn	cameronacoburn@gmail.com	Fleet block change	Happy Tuesday all, Writing in to simply say I'm in favor of the rezoning of the formerly in-use fleet block that is no long in use by the relocated fleet. Cheers, Cameron Cockburn

4/14/2021 10:25	Anonymous Constituent	anonymous@slcgov.com		The caller wanted to leave a comment with the Council regarding the homeless encampment in front of the murals at the Fleet Block. He was upset to wake up and to find over fifty police officers performing a camp abatement on such a cold and wet morning. Furthermore, he believes that the money used to clean up the camps could have gone to something better. He walked out onto the sidewalk near the area and said he was confronted by three police officers who looked down upon him for being a concerned citizen. He says he understand this is a lose lose situation for all involved but is concerned about the City's priorities.
4/7/2021 13:46	Larry Framme	lframm01@yahoo.com		Please consider the potential of adding a park in the redevelopment of the Fleet Block. Any rezone that jeopardizes this option of being on the table in the future, I am not in support of. I live on 800 W. 900 S. Thanks for taking my comment into consideration. Sincerely, Larry Framme
3/2/2021 8:49	Tim Dwyer	tim@fisherbeer.com		Greetings Salt Lake City Council Members, Following the recent discussions on the Fleet Block Development, We, the Granary District Alliance, would like to submit the attached letter for your consideration. We would greatly appreciate the opportunity to engage with the council regarding moving forward with a community facing development at Fleet Block. Please consider the important points in our letter and let us know how we can participate in the ongoing dialog about what is best for our neighborhood and the tremendous opportunities for our community that exist with the development of the Fleet Block. On behalf of the board of GDA, Thank you all for your time and consideration of the attached letter. We would gladly continue this discussion at a council meeting or work session. Feel free to reach out and let us know what the next steps are and how we at the Granary District Alliance can participate in the process. We look forward to working with you on an exciting project at the very core of our district. Best regards, Tim Dwyer GDA Board Member *See Corresponding Attachments*
2/10/2021 11:46	Calvin Dittmore	calvin.dittmore@gmail.com	fleet block rezone	As someone who lives in the glendale area I drive past the fleet block everyday. I would like to keep the public land zoning of the block and utilize it to honor the citizens killed by police officers. Building more unaffordable housing would disgrace the good work being done currently with the murals. I propose another free water station, a warming station for our unsheltered community (see examples from cities like Chicago) and potential public space opportunities for landscape art or things like a pickleball court. Housing prices will continue to rise as our population grows here in Utah. to create nature and public oriented spaces is the right move for our city as gentrification will naturally take effect on the westside. In conclusion: Adjust the block in a way to keep honoring people killed by police. Create a space for public recreation and outreach. Thank you

4/23/2021 16:40	Aleyzia Grant	galeyzia@gmail.com		Good afternoon , I'm Aleyzia Grant and I've looking into fleet murals downtown I read on line that you guy's were thinking about tearing it down but I've been looking into that building for quite some time and want to bring it your guys attention and who ever else I may have to talk to about turning that into a non profit organization a boys and girls club that I would run something to give back to the community with different resources to help different people in need I truly think it would be a beautiful idea and would appreciate it if you guys took that into consideration thank you in advance!
4/22/2021 15:02	Matthew MURPHY	matt.murphy1377@gmail.com	Central Ninth - Future Green Space	Good Afternoon, As we continue to see future developments in the Central Ninth Neighborhood, can we please consider additional greenspace to our neighborhood. Reasons for greenspace: 1. We are seeing 1000s of new units, specifically micro units - so residents will naturally be looking to get outside. I can't imagine spending your whole day in a 300sq ft flat. 2. Many units are dog-friendly - we are seeing excess dog waste all throughout the area 3. Climate change - hotter summers... shade would be nice to have 4. Covid and future pandemics - people want and need outdoor space 5. Work from home - many people need an escape outdoors close to home - protect our mental health 6. Make people proud of our neighborhood Potential opportunities: 1. Fleet Block - hybrid of new commercial and greenspace or just a park! 1. Avenues has great parks, Sugarhouse has plenty of parks, why not us? Liberty Park is great, but there is always room for more. 2. Protecting Jefferson Park 1. So many neighbors and residents are using and loving this very small area. Primarily a dog park, but we need spaced for kids, recreation, etc 3. Remove West Temple exit to 80 - pipedream, but would be an amazing way to link BallPark to C9. 4. 900 South improvements - great start! Given the zoning in our area, we are becoming a dumping ground for micro units, short term hotels and other projects that other neighborhoods would never accept. I think providing greenspace would be a great compromise. Thank you -Matt Murphy
4/15/2021 10:37	Anonymous Constituent	anonymous@slcgov.com		This caller wished to remain anonymous. He called in to express is frustration with the camp abatements in front of the Fleet Block murals. He was disappointed to see police and health officials clearing the camp. He understands that things are being done but believes that it is not enough and the barriers are to high right now for the homeless to get help. He states that he tries to do his part by bringing individuals food when he can. He is also upset with the County Health Department and believes they are lying about the way camp abatements are being conducted. He has lived in Salt Lake for most of his life, but is finding it more and more difficult to call it home. He would like more money put into this issue instead of giving it to developers and the police. He is asking someone on the Council to speak up about the issue.

2/15/2022 9:52	Michael Mejia	mfmejia@gmail.com	FW: (EXTERNAL) In support of Arts Council's staffing request	<p>Dear Councilmember Valdemoros, My name is Michael Mejia and I serve on the Salt Lake Art + Design Board for District 4. I am writing you today to ask for your support of the Arts Council's request for additional staff positions in Budget Amendment 6. I understand that many Departments within Salt Lake City are struggling with needs for staffing support, and you have many staffing requests in this budget amendment for consideration. It is a challenging position to be in and I appreciate your consideration and service to our community. * Many of the Arts Council's programs have grown over the last few years including the creation of the Living Legacy Video Series and Finch Lane Flash Projects, maintenance responsibilities for the newly passed percent for art ordinance, new City Arts Grants categories and an ever increasing volume of requests and grants, participation in multiple City stakeholder and advisory groups and initiatives such as Fleet Block and Gentrification Mitigation, and increased efforts with equity, inclusion, and community outreach. More simply put, the Arts Council staff have been asked to do more with flat staffing since 2012. * In 2019 the Mayor's Advisor on Arts &amp; Culture full-time position was eliminated with all of the project and policy responsibilities of this position being added to the responsibilities of the Arts Council's Executive Director as well as management of the Cultural Core project. * The Arts Council leverages City investment by raising 30-35% of all operating and programming expenses from sources outside of the City budget. * Additional staff would also serve the purpose of stabilizing qualifying expenditures of the organization to leverage critical grant funds from the prestigious Salt Lake County Zoo, Arts, and Parks grant program. * The Arts Council works diligently to continue to find additional funding opportunities through grant writing and development. One recent success is that the Arts Council is just one of 66 awardees nationally and the only awardee in the state of Utah to receive ARPA funding to sub-grant to our community from the National Endowment for the Arts. The \$500,000 in funding will go directly to our local artists and arts organizations aiding in a more swift and equitable economic recovery than what might have otherwise been possible. This increases the City's impact. As outlined in the Mayor's plan from</p>
1/27/2022 16:54	Marcus Cazier	mcazier@gmail.com		<p>Fleet Block represents a once-in-a-generation chance to do something amazing for Salt Lake City: Creating a new park. The \$2M earmarked for additional improvements to Pioneer Park could be redirected to build a park for the residents of the booming Granary and Central Ninth neighborhoods. The park could include a space to memorialize the murals, and continue to act as gathering for social causes. It could have several walls dedicated to outdoor art, with different artists being invited to paint them over and over. We need housing and business spaces. But we also need green space to keep our city beautiful. Fleet Block is a blank canvas. Let's create something beautiful on it. Thanks, Marcus Cazier</p>

10/4/2022 13:31	Danae Villarreal	danaevillarreal@gmail.com	Fleet Block Rezone	Hi there! SLC needs a permanent food truck park. Building one in the Fleet Block would be a great way to support many small businesses at once. Especially if park/green space are included in the rezone. Thanks for considering!
11/23/2022 10:08	Bret Webster	bretwebs@gmail.com	Comment on fleet block	The murals are quite precious. I can't imagine any plan forward that wouldn't include some way to preserve them and honor them and maintain such a space for the community.
11/23/2022 10:09	Leverett Woodruff	lkwoodruff@gmail.com	Public Comment Regarding the Proposed Rezone of Fleet Block	Good evening, I would like to submit a comment regarding the proposed rezoning of Fleet Block. I want to thank Council Member Fowler for noting during the Work Session today that in order to retain community trust, the Council must uphold promises that have been made to the families of those who are memorialized in the murals. I urge the Council to center the expressed concerns and wishes of those families in any plans to redevelop Fleet Block. I especially urge you to incorporate preservation of the murals into any proposals for what to do with the block. I am disheartened to read that "the walls where the murals were painted are hard to save because of the material" in the official information at <a href="https://fleet-block-rezone-slcgov.hub.arcgis.com/">https://fleet-block-rezone-slcgov.hub.arcgis.com/</a> . I would think that with the technological advances in building and engineering today, a way to preserve the murals could be found. Please include preservation methods for the murals in any RFP you may issue about redeveloping the block. I also support the suggestion made during the Work Session today that the RFP include requirements that potential partners have strong social justice/community partnership/diversity, equity and inclusion credentials, above and beyond what would be required in a normal RFP. Anyone who works on redeveloping this block must be committed to respecting and making manifest the community's wishes about what to do with the space. Fleet Block is sacred to many community members, and its powerful purpose as a place to mourn, come together, share emotions, and heal must be maintained in any future plans for the block. Thank you. -- Regards, Levy Woodruff
12/14/2022 15:42	Jeffrey McCarthy	wwilliams19@gmail.com	Fleet Block Rezone - A plea for greenspace	Hello SLC Councilmembers, I live one block from the fleet block and fully support the rezone of the property--if it can guarantee the green space currently in the plan. Our neighborhood is in dire need of green space. The best block to walk by my house is around Mark Miller Toyota because the sidewalks are cleared, they have green parkstrips for dogs, and their lighting means I feel safe walking at night. It's pretty sad when the best walking is around a car dealership. It would be wonderful to have the park currently slated for the NE corner of the Fleet Block, across from Fisher Brewing. Thank you for thinking of our neighbor's walkability, safety, and community as you make these zoning decisions. Sincerely, Whitney McCarthy
12/16/2022 13:00	Ira Hinckley	ihinckley@gmail.com	Fleet Block Murals	Hi Darin, Regarding recent discussions over the murals in your district: My request for the fleet block mural graffiti is that they are torn down and placed in the dump where they belong. How would you feel driving by this shameful display, if you were the victim of one of these criminals and now they were being celebrated and honored with attention. What a slap in the face! This uninvited graffiti is also a slap in the face to our hard working, dedicated Law Enforcement Officers who see that this city places more value on criminals than the trauma they endure while protecting our city. It needs to go. Now. > Regards, > Ira Hinckley > Resident

7/11/2022 16:18	Alan Hardman	a_e_hardman@hotmail.com	Homeless place of safety	Mayor and Council Members, The old Fleet building on 300 West between 800 and 900 South seems like a reasonable place to encourage homeless to camp. The water utilities and restrooms could be enhanced with minimal cost and the lot could be divided into simple 'camp sites' with spray paint. Trash receptacles can be spread throughout and major cleaning could be done weekly (it would be cheaper than what the Health Dept has to do now). Even if the City had to provide some oversite and policing it would be better than the emergency reports that currently come from neighborhoods' concerns. And the homeless would have a relatively safe place with water and restrooms. Has anyone looked into trying this? thanks, Ellie Hardman
3/29/2022 16:14	Aleyzia Grant	galeyzia@gmail.com	Fleet block property	GoodMorning Im emailing you in regards to your fleet block property that you guys have I'm inlove with this building and been looking into how to go about trying to start a non profit organization to give back to the community I think that would be a beautiful spot for it with a great meaning to the world with this building I would want to make it a place of love and giving back to the people I would start off with free resources , hygiene , work shops etc as well having boy and girls activities for the kids to be able to just enjoy give people hope letting them know there is a way for change no matter what situation your in it would be my pleasure to hear back have a great day! Aleyzia
2/25/2022 9:39	Sage Sagers	sagesagers@gmail.com		Don't rezone Fleet Block. The murals there are important to the community as it creates a space to remember and honor lives lost by police brutality. If for some reason it must be rezoned, I suggest that the murals be saved and displayed after rezoning or relocated entirely.

12/28/2022 9:19	Deborah Hunt	huntdebo@gmail.com	A resource for documenting Fleet Square	Honorable Councilor, I feel these murals are essential treasures of Salt Lake City history. I understand the need to develop, and appreciate the efforts taken to include family members and community in moving forward. I am remembering the impact of visiting the Gantt museum in Charlotte, NC during the democratic national convention of 2012. It housed a huge exhibit of Tavis Smiley's America I Am. <a href="https://www.ganttcntr.org/">https://www.ganttcntr.org/</a> Today, coincidentally, I was perusing Facebook's Events and saw this coming up with Dr. France Davis. Choosing Love Over Hate <a href="https://www.facebook.com/events/838313464145366/?context=%7B%22event_action_history%22%3A%5b%7B%22surface%22%3A%22home%22%7D%2C%7B%22mechanism%22%3A%22discovery_top_tab%22%2C%22surface%22%3A%22bookmark%22%7D%5d%2C%22ref_notif_type%22%3Anull%7D%&gt;">https://www.facebook.com/events/838313464145366/?context=%7B%22event_action_history%22%3A%5b%7B%22surface%22%3A%22home%22%7D%2C%7B%22mechanism%22%3A%22discovery_top_tab%22%2C%22surface%22%3A%22bookmark%22%7D%5d%2C%22ref_notif_type%22%3Anull%7D%&gt;</a> . I followed a link to this collection < <a href="https://campusguides.lib.utah.edu/c.php?g=1219670&amp;p=8921920">https://campusguides.lib.utah.edu/c.php?g=1219670&amp;p=8921920</a> > at the U's Marriott Library. Although this collection documents Utah's Black History, it would be interesting to see whether they would be inclined to partner with the city to digitize and document the murals at Fleet Square. It started, as I understand, with a black man's - George Floyd - murder, and grew from there to memorialize people in our city who died by police shootings. I love our police department and think our chief is doing a great job with community outreach and training of officers. It must be hard for the city to reckon with the times when people are killed by police, under any circumstance. It's a delicate thing, yet I don't believe we can forget because we can always do better. I love that the council and mayor remember that these folks who died were loved ones and they were good, had stories, and potential that was cut short. Thanks for listening. Please let me know if you are able to make progress on this. Let me know if I can help in any way. Paz y luz, Deborah Esquibel Hunt
3/30/2023 12:21	Leverett Woodruff	lkwoodruff@gmail.com	Preserve the murals and create a community resource space at Fleet Block	Good evening, I'm writing to ask that any future rezoning or redevelopment of Fleet Block preserve the murals that memorialize lives lost to police brutality. The murals are a sacred space of healing for those whose loved ones are remembered there. The city should respect this profoundly important use of the space by so many in our community. I would also like to suggest that one potential use for part of Fleet Block is a community center that has green space and a community produce garden outside and recreation space, like a basketball or pickle ball court, inside, as well as restrooms with showers and laundry facilities that could be used by anyone in the area who needed it, including our unsheltered neighbors. The center could also include a library, clothes closet, and space for local businesses to have pop up shops. Another helpful feature would be private rooms and regularly scheduled time that community members could meet with social workers, mental health counselors, harm reduction teams, and legal aid attorneys. Please consider dedicating part of Fleet Block to meet the needs of Salt Lakers for a place to connect with their community and get basic needs met. Thank you, Levy Woodruff
7/18/2023 12:00	Kaitlin Wilson	kaitlin.wilson@students.svu.edu	SLC Police Brutality Murals	Hello, Due to illness in my family, I'm unable to attend the formal meeting for this agenda. I want to make sure my comments are taken into consideration as well. These murals not only help to keep these victims of police brutality alive through memory, they remind us that there are changes that desperately need to be made so we have an equitable justice system. I will be deeply disappointed if the decision is made to essentially erase the history of police brutality instead of learning and growing from it. Thank you for your consideration, Kaitlin Wilson

7/18/2023 15:14	Leverett Woodruff	lkwoodruff@gmail.com	Comment on Fleet Block proposed rezone	<p>Good afternoon, I have reviewed the Mayor's Office proposal regarding the Fleet Block zoning and disposition strategy, and would like to offer the following comment. I have previously written to comment that the Administration and Council should prioritize the wishes of the families whose loved ones are portrayed in the Fleet Block murals when it comes to any redevelopment of this property. I want to reiterate how important it is that these families guide the redevelopment process. As noted in the most recent communication from the Mayor's Office, the city vacated Fleet Block in 2010 and left it with various levels of environmental contamination. It was the families and loved ones of those portrayed in the murals who restored the site to beneficial use for the community by painting the murals, planting garden boxes before each mural, and installing benches and resource boxes for food, water, and other necessities for unsheltered Salt Lake citizens. It is these families and their community who continually maintain the site by mowing, weeding, and picking up trash. They do this because the site is a sacred space of healing for them and of outreach to our neighbors experiencing homelessness. I urge you to listen to the input of these families about the future of Fleet Block.</p> <p>Any redevelopment must prioritize saving the murals. They should be the main feature of the public space proposed for the site. I also urge that any housing proposed for the site be required to be deeply affordable, or affordable to Utahns whose incomes do not exceed 30% of Area Median Income. Far too often, what is called "affordable housing" is not affordable to most of those who need it. The solution to homelessness is housing, and if we want this site to benefit the community, there are few more beneficial or urgent projects than housing our neighbors who need it most. The Administration's update states that the City will "involve underrepresented communities in the development process" for Fleet Block. The City has a responsibility to include the Murals families on any committees or other bodies that make decisions going forward. Please give these families the voice they are owed, because they uplifted this space to honor their loved ones whose lives were lost to state-sanctioned violence. Thank you. Levy Woodruff</p>
7/21/2023 15:44	Rae Duckworth	messengeraeduck@gmail.com	900 south 300 west	<p>Dear SLC City Council, We hope this email finds you well. I am an active community member and CAG (Community Activist Group) member in Salt Lake City. Recently, proposals were shared to the city council regarding "Fleet Block". Fleet Block is better known as The Salt Lake City Police Brutality Murals and it is of historical value in our neighborhood. The discussions surrounding police violence are vital to our community and our neighborhood's growth. Demolishing these murals will not erase police violence or the conversations needed around police reform, police violence and police murder. It is concerning that there was not a mention of a community center, resource center or a permanent gathering center as this space is currently operating that way. We feel it to be a priority when discussing the future and development of this area. Salt Lake City currently has a high demand for resources that stretch from; shelter, food, water, harm reduction, mental and physical health. These types of resources should be required in this block now that this intersection is equally accessible from the East and West sides of the valley. We encourage you to support your community and their current successful efforts at keeping this space safe for mourning and grieving, outreach, collecting and sharing ideas, but most importantly getting to know our neighbors. Below are some reference ideas for your next discussion. COUNTY HEALTH RANKINGS - TAKE ACTION</p> <p><a href="https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3709358/">https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3709358/</a> street civics - reducing crime CJC healthcare.utah.edu <a href="https://www.safetyreimagined.org/community-of-practice/when-not-to-send-the-police-a-conversation-with-los-angeles-police-chief-michel-moore">https://www.safetyreimagined.org/community-of-practice/when-not-to-send-the-police-a-conversation-with-los-angeles-police-chief-michel-moore</a> CAHOOTS COMMUNITY JUSTICE CENTER hammer &amp; hope magazine Sincerely, Your Constituent -- Rae Duckworth Operating Chairperson of Black Lives Matter Utah Chapter</p>

7/31/2023 17:00	Claudia Rasmussen	claudia.rasmussen1@gmail.com	Let's preserve the SLC Police Brutality Murals - Fleet Block	<p>Dear SLC City Council, We hope this email finds you well. I am an active community member and CAG (Community Activist Group) member in Salt Lake City. Recently, proposals were shared to the city council regarding "Fleet Block". Fleet Block is better known as The Salt Lake City Police Brutality Murals and it is of historical value in our neighborhood. The discussions surrounding police violence are vital to our community and our neighborhood's growth. Demolishing these murals will not erase police violence or the conversations needed around police reform, police violence and police murder. It is concerning that there was not a mention of a community center, resource center or a permanent gathering center as this space is currently operating that way. We feel it to be a priority when discussing the future and development of this area. Salt Lake City currently has a high demand for resources that stretch from; shelter, food, water, harm reduction, mental and physical health. These types of resources should be required in this block now that this intersection is equally accessible from the East and West sides of the valley. We encourage you to support your community and their current successful efforts at keeping this space safe for mourning and grieving, outreach, collecting and sharing ideas, but most importantly getting to know our neighbors. Sincerely, Claudia Rasmussen</p>
